Hello,

I am writing to voice my concern over the cease and desist order issued for Uber. Uber has been a life changing application and ride sharing service and has saved me and friends from carelessly driving after a few drinks because of the inefficient, expensive and slow taxi services in Charleston. South Carolina needs Uber.

Sincerely,

liz spencer

To whom it may concern:

Thank you for the actions you have taken in issuing the Cease and Desist order. While I love innovation and increased competition, things must be done legally. Uber's track record of operating without regard to existing regulations and laws is an insult to all of us that do follow the rules. Thank you again for taking a stand. I would encourage you all to stress to law enforcement to uphold the order and enforce the existing laws.

Thank you,

Subject: UBER in South Carolina
Importance: High

Dear Commissioner Howard,

As a well traveled international businessman, I've used UBER in many cities across Europe and the US. I've had several OUTSTANDING experiences with the level of service, safety and integrity that UBER drivers provide.

I've left my umbrella, iPhone and wallet in UBER cabs — all of which were returned promptly! Even at the expense of UBER drivers going out of their way to do so.

Moreover, level of cleanliness and caliber of vehicles provided by UBER is simply incomparable to the dirty, malodorous, mechanically questionable taxis that are allowed to operate (especially here in Charleston). It's simply embarrassing to ask any guests to Charleston to grab a taxi at the airport. We demand a better class of service, thus use UBER every single chance we get!

I, for one, will continue to use (and heavily promote) their service and sincerely hope our government will not hinder UBER in it's operations — especially as it serves it's customers so brilliantly.

I look forward to seeing this cease and desist order rescinded and UBER allowed to continue unfettered operations.

Sincerely,

Roberto

PSC,

What are y'all thinking? In one stroke you've just increased drunk driving rates in South Carolina.

Let's hope no one dies this weekend because of this.

Richard Cunningham
